FPS CO. established in 2015 as supplier with prime focus on oil and gas industry. FPS CO. has been the leading procurement service company in oil & gas equipment for the energy industry in south of Iran. Our expertise in specialized and diversified technical oil and gas services such as refining and petrochemical equipment has solidified our status as the centre of choice to support and service your purchasing demands. FPS CO. has associations with renowned manufacturers, major mills and suppliers across Europe, U.S.A and the Middle East as a sole agent.

We have been putting lots of efforts in establishing strong ties with our customers. Our effort in sharing problems encountered by our customers and finding the solution hand -in- hand with them has made us the first-choice supplier for our customers. In addition, our ability to source a wide range of parts and products for our diversified customers has fortified our status as an all-purpose Supplier.

With **FPS CO.**, you won't have costly project delays because of late deliveries. You will get your order on time, every time.

Yours faithfully,

FPS CO. Sales Department
